Description

The jacket is made of CHEVIOT fabric, which combines a high percentage of cotton with elastane. This guarantees a durable garment that is at the same time comfortable to wear.

This jacket features a timeless two-button design, which is synonymous with elegance and professionalism. The right-over-left front fastening is a classic detail that adds a sophisticated touch.

The garment has an inner lining in the back at mid-length, providing comfort and ease of movement without sacrificing style.

The centre back seam is finished with bias stitching, which not only adds a design element, but also enhances the garment's durability.

The jacket is equipped with a left breast pocket and two hip pockets with buttonhole and wallet. These pockets offer convenient storage space for small essentials.

This jacket is versatile and suitable for a wide range of professions, including waitresses, maîtres, receptionists and other roles in the hospitality and service sector.
