ELASTIC DENIM. TRENDER 65% PES 32% CO 3% EA - 260 gr/m²

Available colors

826

Reference: 800016-826 · NAVY DENIM

Description

The suit jacket is made from TRENDER fabric, which combines 65% polyester, 32% cotton and 3% elastane. This combination of materials guarantees a durable and comfortable garment that retains its shape even with intensive use.

The single-button design gives this jacket a sophisticated and modern look, making it an ideal choice for professionals who want to stand out in their work environment.

The camel-coloured buttonholes and stitching add a touch of style and elegance to the garment. The lapel without buttonholes complements the design in a subtle and sophisticated way.

The jacket has lined fronts and a half lining on the back, ensuring comfort and ease of movement without sacrificing style.

Two patch pockets on the hips with flaps and gussets provide space to store small essentials such as notepads, pens or other work items.

This jacket is suitable for a variety of professions in the hospitality industry. Its elegant and contemporary design makes it a versatile garment that allows professionals to maintain a professional and fashionable image in any work environment.

Women's version: 800015. Tailoring Collection.
