Description

The blazer features a slim fit that sits elegantly on the body, enhancing the figure without sacrificing mobility. This gives professionals a sophisticated, up-to-date look.

Made from TRIP fabric, which is 55% polyester, 43% wool and 2% elastane, this jacket offers a soft and cool feel. The combination of materials ensures that the garment is comfortable to wear for long working days.

The jacket has a full lining for durability and comfort. This lining allows the garment to slide easily over other layers of clothing and prevents uncomfortable rubbing against the skin.

The jacket is equipped with two side wallet pockets that offer space to store essentials such as order books or mobile devices. In addition, a welt pocket on the chest adds a stylish and functional touch to the design.

The TRIP fabric is resistant to static build-up, ensuring a hassle-free and comfortable wearing experience.

This blazer is suitable for a wide range of professionals in the hospitality and catering industry. Its stylish and versatile design makes it an essential garment for those who wish to maintain a professional and fashionable image in the workplace.

Women's versión: 800018. Tailoring Collection.
