Description

The blazer features a classic two-button front design, giving it a timeless, elegant look. This versatile style suits a variety of work environments and professional events.

Made from TRIP fabric, composed of 55% polyester, 43% wool and 2% elastane, this jacket offers a soft and cool feel. The combination of materials ensures that the garment is comfortable to wear for long working days.

The jacket has a full lining for extra durability and comfort. This lining allows the garment to slide easily over other layers of clothing and prevents uncomfortable rubbing against the skin.

The garment is equipped with a back slit that facilitates movement and provides greater comfort, especially for professionals who need to move with agility in their work environment.

The TRIP fabric is resistant to static electricity build-up, ensuring a comfortable wearing experience without discomfort and discomfort.

This blazer is suitable for a wide range of professionals in the hospitality and catering industry. Its stylish and versatile design makes it an essential garment for women who wish to maintain a professional and fashionable image in the workplace.

Men's version: 800017. Tailoring Collection.
