Reference: 800024-104 · MARINO

Description

This blazer features a slim-fit design that fits the male figure perfectly, giving it a modern and elegant look. The two buttons on the front add a classic touch to the garment, making it suitable for a variety of work occasions.

Made from X.LINEN fabric, consisting of 65% polyester, 30% viscose and 5% elastane, this jacket offers the ideal combination of durability and comfort.

The jacket is lined to enhance durability and wear resistance. The lining also allows the jacket to slide smoothly over other layers of clothing, preventing uncomfortable rubbing against the skin.

The lapel features a buttonhole, and the buttonholes are designed in the same tone as the fabric, adding a touch of elegance and sophistication to the blazer. The buttons on the sleeves complement the overall design.

The garment has one inside pocket on the right front buttonhole and two inside pockets on the left front buttonhole, one of which has a button. These pockets provide additional space for personal items or work tools.

The jacket features a centre back seam for improved fit and two back slits, which facilitates movement and comfort during the workday.

This jacket is versatile and suitable for a variety of work environments, including hospitality, reception, transportation, office and retail.

Women's versión: 800025. Tailoring Collection.
