Composition / Treatment

MEETING 98% CO 2% EA - 240 gr/m²

Available colors

104 109 124

Reference: 800026-104 · NAVY

Description

This blazer features a classic and elegant design with two buttons down the front. The cut of the jacket is designed to flatter a woman's figure, giving it a sophisticated and professional look.

Made from Meeting fabric, which consists of 98% cotton and 2% elastane, this blazer offers the perfect combination of softness, strength and stretch.

The sleeve buttonholes are designed in burgundy, adding a touch of sophistication and contrast to the garment. The first buttonhole on all sleeves is highlighted in this elegant shade.

The jacket has a partial lining that enhances its durability and wear resistance. The lining also helps the garment glide smoothly over other layers of clothing.

The centre back seam is finished with bias binding, which adds a touch of elegance and enhances the fit. The jacket also features a back slit for ease of movement and comfort.

The jacket features a left chest breast pocket and two hip pockets with wallets. These pockets provide storage space for personal items or essential work tools.

Available in three stylish colours: navy, grey and brown, allowing hospitality professionals to choose the shade that best suits their style and work environment.

Men's version: 800009. Tailoring Collection.

Available sizes

36 38 40 42 44 46 48 50 52 54 56
