Composition / Treatment

WATERPROOF 100% PES - 135 gr/m²

Available colors

104

Reference: 800031-104 · MARINO

Description

This women's parka is made from a durable 100% polyester fabric. Polyester is known for its durability and crease resistance, ensuring the garment stays in excellent condition over time.

The detachable hood is a versatile feature that allows the garment to adapt to different weather conditions. It can be removed on sunny days or put on when protection from rain or wind is needed.

The parka has two side button pockets, ideal for storing personal items or work tools. There is also a zipped chest pocket for security and accessibility.

This garment is lined, which adds an extra level of comfort and warmth, especially in colder climates. The lining also helps to maintain the shape of the parka.

The collar of the parka is designed with a vivid drawstring detail and two decorative stitches, giving it a smart and sophisticated look. The press stud fastening ensures a secure fit.

The parka features a slim-fit design that sits comfortably against the body. With a length of approximately 80 cm, it offers adequate coverage and a professional look.

This parka is versatile and suitable for a variety of work environments.

Available sizes

S M L XL XXL

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
