Description

This jacket is made from a COMFORT fabric combining 54% polyester, 44% wool and 2% Lycra. This composition of materials provides a highly comfortable garment with a fine, lightweight finish, a soft feel and remarkable crease resistance. It is also easy to iron, which is essential for maintaining a professional appearance.

The blazer offers a regular fit that provides a balance between comfort and style. The darts on the front contribute to a polished and sophisticated look.

Two side welt and wallet pockets, one chest welt pocket and three interior pockets provide ample space to carry personal items or work tools in an organised manner.

The two back slits allow for greater freedom of movement, which is especially valuable for professionals who are constantly on the move.

This blazer is ideal for a variety of work environments, including hospitality, catering, bands, reception, transport, office or retail. Its versatile and comfortable design makes it an exceptional choice.
