Description

This blazer is made of TECNO fabric, made of 96% polyester and 4% elastane. This fabric combines the durability of polyester with the elasticity of elastane for a comfortable and flattering fit. In addition, the fabric is highly stain resistant and easy to iron.

The slim fit of this blazer enhances a woman's figure, offering a modern and flattering look that is in line with fashion trends.

The one-button front design and centre back slit provide comfort and freedom of movement, which is essential for professionals who need to be constantly on the move.

Three front welt pockets add a stylish touch to the design and provide space for personal items or work tools.

This jacket is versatile and suitable for a variety of work applications, including hospitality and catering, bands, reception, transport, office and retail.
