Available colors

001 104 139

Description

This jacket is made of TRIVIAL fabric, which consists of 77% polyester, 20% viscose and 3% elastane. This fabric is particularly appreciated for its ability to provide great freedom of movement, which makes it ideal for active workers. It is also soft to the touch, crease-resistant and easy to iron.

The blazer has a slim-fit design that enhances the feminine figure, making it an elegant and professional choice.

The two-button fastening at the front adds a touch of sophistication to the garment and allows for a comfortable fit.

The darts on the front provide a perfect fit and help to maintain the shape of the garment, even during long working days.

The centre back slit offers comfort and mobility when walking or sitting, which is essential in an active working environment.

The jacket has two side welt and wallet pockets, which are ideal for storing personal items or work tools. There is also a welt pocket on the chest for added style and functionality.

This model is versatile and adapts to a wide variety of work applications, including hospitality and catering, bands, reception, transport, office or retail.

Available sizes

36 38 40 42 44 46 48 50 52 54 56

Size guide

Measurements may vary slightly due to the production process. The garment is measured flat.
