Description

The sleeveless design of this babi provides comfort and freedom of movement for children, which is essential for school and play activities.

The centre lozenge button fastening makes the babi easy to put on and take off, which is especially useful for parents and caregivers.

The shirt collar adds a classic touch to the babi design, making it versatile for special occasions and school events.

The pleats on the chest not only add style to the garment, but also provide a comfortable fit that adapts to the growing child.

The babi features two front pockets, providing additional space for children to store small items or work tools for school and play activities.

This babi is available in light blue or fuchsia plaid bambula, allowing parents and caregivers to choose the colour that best suits their child's taste.

The garment is made from quality materials that are easy to wash and iron. This is essential to keep the bib clean and presentable at all times.
