Description

Designed to fit both men and women, this jacket features a semi-fitted cut that offers a stylish look without sacrificing comfort. The back seam provides a flattering fit and allows for greater freedom of movement.

Short sleeves provide comfort and coolness in the kitchen, allowing greater ventilation and freedom of movement for the arms.

The cross over fastening with stitched lined buttons is not only functional, but also adds a touch of elegance to the jacket. The buttons are concealed, preventing contact with skin and food.

The left chest pocket is perfect for storing small items, such as pens or kitchen thermometers, keeping them within easy reach for added convenience.

This jacket is made from white twill, a tough and durable fabric that stands up to the demands of the professional kitchen. White is a classic colour that promotes hygiene and makes it easy to clean.

The unisex kitchen jacket with lined button is a versatile and essential choice for cooks and chefs who want to maintain a professional appearance in the kitchen and feel comfortable during their long working days. Its stylish and functional design makes it suitable for use in restaurants, hotels, pubs and other catering establishments.
