UNISEX CHEF JACKET IN WHITE TWILL

Reference: 911101

Reference: 911101-101 · WHITE

Available colors

101

Description

This jacket model is unisex and is designed with short sleeves, which provides extra comfort and coolness in working environments where the temperature may rise. It is suitable for both men and women.

The jacket features a crossover fastening with exposed lozenge buttons, which not only adds a touch of style, but also makes it easy to put on and take off. The buttons are visible and add a touch of authenticity to the design.

The pocket on the left chest is practical for carrying small tools or kitchen utensils, making it easy to access what you need during food preparation.

The semi-fitted cut of the jacket provides a smart, professional look without restricting movement. The back seams contribute to a better fit and greater comfort.

The jacket is made from white twill, a tough and durable fabric that stands up to the demands of kitchen work. White is a classic colour that reflects hygiene and is easy to clean.

This kitchen jacket is an essential wardrobe item for cooks, chefs and kitchen professionals who wish to maintain a professional appearance while working in hospitality and catering environments.
