Description

This unisex jacket is suitable for both men and women, making it a versatile and easy choice for professionals in a variety of fields, from cooking to healthcare.

The short sleeves provide comfort and freedom of movement, ideal for working environments where mobility is essential.

The crossover fastening with exposed lozenge buttons not only adds a stylish touch to the design, but also allows for easy access and undressing, which is important in environments where hygiene is essential.

A pocket on the left chest provides a convenient place to carry small items, such as pens, notepads or medical devices.

The back seam ensures a semi-fitted fit that enhances the figure and allows for mobility.

The jacket is made from black fine poplin, which is not only stylish, but also durable and stain resistant, ideal for kitchen and hospitality environments.

This jacket is suitable for hospitality professionals, cooks, chefs, as well as those in the healthcare field, such as doctors, nurses, dentists or physiotherapists. Its versatile and stylish design suits a variety of working environments, ensuring a professional presentation.
