Description

GASTROCHEF unisex jacket with long sleeves, shirt collar, central fastening with clip fastener and pocket on left sleeve. Semi-fitted model.

Made from a fine twill composed of 54% polyester (PES), 43% cotton (CO) and 3% elastane (EOL). This unique combination of materials provides a garment that combines elegance with durability. The fine twill ensures that the jacket not only looks sophisticated, but also stands up to the rigours of the professional kitchen.

There are COOLMAX pique panels on the sides, a functional detail that goes beyond aesthetics. These technical panels work tirelessly to regulate body temperature and manage moisture, providing comfort as you indulge in your culinary creations.

It is ideal for cooks and chefs in hospitality, catering and general cooking.
