Description

This jacket is designed to fit both men and women and comes in long sleeves, providing versatility and adequate protection all year round.

The garment closes securely and elegantly with dummy buttons that add a touch of professional style.

The jacket is equipped with a left chest pocket, which provides additional storage space for essential kitchen utensils or work tools.

Its loose-fitting design and back seams ensure a comfortable fit and allow ample freedom of movement, which is essential in an active kitchen environment.

The jacket is made from durable black twill, which not only adds style, but also ensures durability and ease of care. Pistachio-coloured details on the buttons, collar, cuff turn-ups and pocket piping add a touch of colour and style.

The jacket is supplied with dummy buttons in the same colour, allowing wearers to wear it immediately without having to search for additional accessories.

The PARIS unisex kitchen jacket is an ideal choice for those looking for a quality garment in the catering industry.
