Description

The BELTRÁN unisex kitchen jacket offers a stylish and functional design. It is an exceptional choice for those looking for a fashionable uniform in the hospitality industry.

The long sleeves with turn-up cuffs not only add style to the jacket, but also allow for a custom fit at the wrists.

The central fastening with concealed press studs adds sophistication to the design of the jacket and makes it easy to get ready for work.

The jacket is made from Klopmann Naturewear fabric, which consists of 50% recycled polyester and 50% organic cotton. This fabric adheres to the principles of sustainability and is part of the Naturewear line of Gary's Uniforms.

The back of the jacket features Aerosilver technical fabric, ensuring breathability and a fresh, bacteria-free working environment, which is especially essential in the kitchen environment.

The white piping adds a touch of elegance to the jacket's design and perfectly complements the pearl grey tone of the fabric.

The use of recycled polyester and organic cotton in the jacket's construction reflects a commitment to environmental sustainability and reducing the impact on the environment.

The BELTRÁN jacket is a high quality garment that meets the needs of those working in hospitality and catering. It offers stylish design, sustainability and functionality in one package.

Available sizes
