Description

The PLANET unisex kitchen jacket offers a stylish and functional design, making it an exceptional choice for those looking for a fashionable uniform in the hospitality industry. The crossover fastening with concealed press studs adds sophistication to the design and makes it easy to get ready for work.

The long sleeves with turn-up cuffs not only add style to the jacket, but also allow for a custom fit at the wrists, which is essential in the kitchen environment.

The jacket is made of white microfibre, which is 100% recycled polyester. In addition, the back features Aerosilver technical fabric, which ensures breathability and a fresh, bacteria-free working environment, which is essential in the kitchen environment.

Printed details on the collar and cuffs add a touch of style to the jacket and complement the design in a stylish way.

The jacket has a matching pair of trousers (reference 703500) to offer a complete and coordinated option for kitchen uniforms. This feature gives the possibility to dress the whole work team in a uniform and professional uniform.

The PLANET jacket is a high quality garment that meets the needs of those working in the hotel and catering industry. It offers stylish design, sustainability and functionality in one package.
