Composition / Treatment

ELASTIC MICROFIBER 99% PES 1% EA - 155 gr/m².

Available colors

001 101

Reference: 942800-001 · NEGRO

Description

The IZA women's kitchen jacket features an elegant design with long sleeves and a crossover fastening with concealed press studs. This not only adds a touch of sophistication to the garment, but also makes it easy to get ready for work in the kitchen.

Turn-up cuffs on the long sleeves allow for a custom fit at the wrists, which is essential in the kitchen environment. This provides comfort and the flexibility needed to perform culinary tasks with dexterity.

The jacket is made of stretch microfibre, a high quality fabric (155 gr/m²) consisting of 99% polyester and 1% elastane. This combination of materials provides an antibacterial garment that offers maximum comfort and freedom of movement. In addition, the microfibre repels liquid splashes, dries quickly and does not require ironing.

Aerosilver technical fabric on the sides ensures breathability and a cool working environment.

This kitchen jacket is available in black or white, providing options to suit personal preference and workplace uniform style.

Also available in men's model reference 949700.

The IZA kitchen jacket is a high quality garment that meets the work requirements of the hotel and catering industry.

Available sizes

XS M YL L XXL
