Description

Our jacket is made from a blend of 65% polyester (65%) and 35% cotton (35%) twill, ensuring durability and comfort during demanding work days in the kitchen.

The short-sleeved version of the PRATS kitchen jacket is ideal for warmer climates and for those who prefer more freedom of movement in the arms. And if you need extra coverage, it is also available in a long-sleeved version (943200).

The left-over-right front zip not only looks stylish, but also provides full coverage to keep you looking sharp at all times.

The back with AEROSILVER technology ensures optimal ventilation, keeping you cool even in the hottest kitchens. The side seams add a flattering and comfortable fit.

A pocket on the left sleeve gives you convenient space to store small utensils or take recipe notes in an instant.

The PRATS unisex kitchen jacket is available in two classic and versatile colours: black and white. Customise your style and choose the colour that best suits your preferences or the requirements of your work environment.
