Description

The LUQUE unisex kitchen jacket comes in a short-sleeved version that provides a cool and comfortable look for hot days in the kitchen or dining room. This versatility allows hospitality professionals to adapt their uniform to the weather conditions.

The mao collar design and crossover fastening with exposed press studs add a smart and professional touch to the jacket, ensuring that hospitality staff look sharp and representative at all times.

The versatility of the unisex version of the jacket makes it suitable for both genders. This is ideal for maintaining a uniform and coordinated look across the entire work team.

The back seams and twill construction in black or white ensure that the jacket is durable and withstands the daily wear and tear of the hospitality work environment.

The LUQUE jacket is the perfect choice for owners of restaurants, hotels, bars and other hospitality establishments who want their staff to look professional, comfortable and ready to face the demands of service.
