Description

The waistcoat is made from a high quality fabric consisting of 97% cotton and 3% elastane. This combination of materials provides comfort and durability, ensuring the garment withstands the demands of everyday work.

The waistcoat features a stylish crossover design that fastens with a buckle. This feature not only adds style, but also allows for a custom fit for added comfort.

The garment is lined on the inside, which increases comfort when worn and contributes to a quality feel.

The waistcoat is designed with attention to detail, including a right-over-left front fastening, inside load stitching on the neckline, side edges and armholes, and a mouse tail on the left edge. These details not only add a touch of elegance, but also ensure the garment's durability.

The waistcoat has a piped pocket on the right front, allowing convenient access to small items or work tools. In addition, there is a pocket on the inside left side that adds functionality to the garment.
